OVERVIEW

There are many movie soundtracks that invoke a lot of memories. They create joyful moments and creative feelings, as well as add an extra dimension to our emotions...

When we create a Spinning® ride, it is like writing our own movie: there is a script and a scenario where we want to communicate all these feelings and more.

OBJECTIVES

Very simple, bring your popcorn, pick up a bike and enjoy the ride. Let's see if you can recognize all the soundtracks.
